

ATELIER

Exclusive Garden Furniture

## Who loves wood will love Resysta!

To this day, our company remains true to its philosophy: Every piece of furniture is crafted with care and craftsmanship, always with an eye on the high quality standards that have been in place since the founding.

We are the inventors of Resysta, the innovative, high-quality, and exclusive teakwood alternative. Our years of expertise with this material allow for the unique production of weather-resistant, exclusive, and comfortable outdoor furniture. All parts that feel and look like wood in our design collections are made from Resysta.

Thanks to this innovative power, our entire range is guaranteed to be free of wood.

# INNOVATION

How Resysta is changing the world.

Resysta is a high-tech material that far surpasses its natural counterpart, wood, and thus eliminates the destruction of tropical hardwoods. Resysta is primarily made from the renewable silicon found in rice husks. It is very complex to produce and requires a great deal of know-how and experience to create first-class furniture from it.

Although it is more expensive than teakwood, we exclusively use Resysta to offer you the following advantages while guaranteeing:

Resysta has an absolutely natural look and feel of wood.

Resysta is absolutely weather-resistant.

Resysta is UV-resistant and lightweight.

Color variations are in line with the naturalness of the material.

Resysta protects the rainforest.

Resysta cannot form cracks and cannot splinter.

Resysta does not grey.

Resysta is resistant to saltwater and chlorine water.

Resysta prevents moss growth and is not affected by pests.

# Sustainability

FOR FUTURE GENERATIONS

Within a functioning recycling loop, Resysta is made up of a very high percentage of recycled Resysta. This not only helps protect tropical forests but also sets a strong example for sustainable production and responsible action.

Resysta is a brand stands for responsibility, respect, and reliability.

# Exclusive Garden Furniture

Everyone their favorite spot.

A garden, terrace, or balcony is more than just space – they are living areas, retreats, and places for special moments. The art of holistic garden design lies in its harmony: Carefully coordinated dining and lounge furniture gives them the elegance of a living room, combined with the freedom of outdoor living.

We focus on values that last – with innovative, weather-resistant materials like Resysta, the teak alternative. With this, we not only set aesthetic accents but also make a promise for sustainability and longevity. Whether large open spaces or intimate retreats – our collections are a love letter to outdoor living, offering oases of relaxation. Finest details, elegant design, and uncompromising quality create individual solutions for every style and need.

Dive into the world of Resysta Furniture and experience garden furniture that withstands time and weather – with a feeling of home outdoors.

We are multiple award winners for design and quality.

# VIOLINO

Forest Green

## LIKE THE STRINGS OF A VIOLIN

Like the strings of a violin, the ropes stretch across the back of the seating furniture, and the frame's shape resembles an abstract musical clef. This is the Violino series.

Discover the harmony of the lounge and dining furniture in this new collection, available in two color compositions: Forest Green and Stardust Gold!

## VIOLINO Forest Green

Material

Rope

Frame

Tabletops  
and seating surfaces

Powder-coated aluminum frames meet precisely crafted tabletops and seating surfaces made from the teak alternative Resysta. The seating furniture gains its distinctive look through the durable upholstery with Mountain Rope.

Cleaning with warm water and special cleaner.

# PIANO

## WOVEN LIKE WOOD

This collection appears just like that: Particularly the distinctive backrests characterize the seating furniture of the Piano series. The texture of the backrests is reminiscent of teak carving – an intricate craft – in the style of the 50s/60s.

With our design material, we bring this ancient craftsmanship into the future: it mimics wood in both appearance and feel, allowing for elegant shaping.

# WIND

## STORMY RELAXATION

With Ropes stretched across its elegant backrest, this cozy armchair evokes associations with a wind chime. Thanks to its custom-made seat cushion, body-hugging shape, and smooth 360° rotation, it truly has a similar calming effect. It soothes, reduces stress, and promotes a meditative sense of relaxation through its gentle turns.

## CLEAR DESIGN

With the WIND armchair, you experience contemporary comfort paired with a touch of Scandinavian chic. This armchair embodies modern design and exceptional comfort, becoming the centerpiece of any stylish interior.

# WIND

## Material

The frame of the Wind armchair features innovation with Resysta, a material that perfectly mimics the natural look of wood but is made from recycled plastic and rice husks. The backrest is crafted from robust, powder-coated aluminum, while the upholstery is made of weather-resistant Elegant Rope. This creates an irresistible combination of modern design and durability.

# SUMBA

## ISLAND OF DREAMS

Sumba is a truly paradisiacal place that you should experience. If it seems too far away, we have a real alternative in our collection: the Sumba armchair. A swivel chair for relaxation in the outdoor space, full of beauty and magic. Make yourself comfortable in its multi-environmentally certified, durable outdoor fabric. The ball-bearing 360° panoramic function offers you an irresistible experience between relaxation and activity.

## DISCOVER STYLE AND COMFORT

The Sumba armchair is more than just a piece of furniture; it's a statement of modern design and functionality. With high-quality upholstery in elegant natural grey, this armchair offers unmatched seating comfort, making your relaxation moments on the terrace even more enjoyable.

The seat shell of the armchair is equipped with armrests to provide additional comfort. The grey upholstery harmonizes perfectly with the frame in Terra Teak color, giving the armchair a timeless elegance.

## SUMBA

Material

Resysta

Upholstery

The upholstery of the seat shell is rather unusual for outdoor use but optimized specifically for this purpose. Moisture and dampness can escape downwards, and the seat is dry again in no time. The fabric is breathable and environmentally certified multiple times.

The elegant frame is made from sustainable Resysta, the teakwood alternative.

# PURO

Lounge

## NOBLE, MATTE, AND INDESTRUCTIBLE

Puro is pure design: stainless steel, brushed matte, and elegant. Our designers have succeeded in creating a cohesive family of truly special furniture that shines just as much by the pool as it does in front of the fireplace or in a luxurious lounge. What sets this collection apart and gives it the status of a classic is the timelessness of both the material and form. By the way, Puro armrests are made from Resysta and the upholstery is crafted from the tried and tested Tex, ensuring you stay cool even in intense heat.

## PURE DESIGN

The Puro collection impresses with its timeless and uncomplicated design. Its classic appeal brings elegance to any environment. It combines high-quality materials with exceptional comfort. Whether in a luxurious lounge or outdoors – Puro adds an exclusive touch to any space, both inside and out.
